

THE SIMPLE & ELEGANT
BLANKING PANEL FOR
YOUR DATA CENTER

EZIBLANK 6RU BLANKING PANELS

EZIBLANK® 6-RU Blanking Panel is a well-received, innovative data center product that is made of the highest quality of flame retardant (UL94 V0) ABS plastic. Molded with precisely engineered clips, EZIBLANK® Blanking Panel can be installed easily onto square mounting holes of any EIA-310-D compliant 19" server rack to prevent recirculation of hot exhaust air within server racks.

The snappable feature of the EZIBLANK® 6-RU Blanking Panels makes it the perfect server rack accessory for data center operators where separated panels can be installed and reused onto different RU heights of unused space.

FEATURES

Snap-on, Tool-Free Mounting designed for ease-of-use and rapid deployment.

UL-94 V0 compliant flame retardant ABS plastic that meets the most demanding requirement.

Patented Snappable Design offers greater flexibility when applying on different sizes of RU height.

Scratch Resistance Textured Surface that offers both aesthetic appearance and industrial durability.

Recyclable Lightweight Plastic that is both durable and environmentally friendly.

SPECIFICATIONS

PHYSICAL

- Dimensions: 270 x 483 x 12 (6RU Panel, in mm)
- Weight: 350g per panel or 3.5kg per pack of 10.
- Shipping Dimensions: 500 x 300 x 100 (mm)
- Material: Impact resistant, water resistant, antistatic, ABS plastic
- Colors: Black, White

CONFORMANCE

- Standards: EIA-310-D
- Environmental: RoHS
- Toxicity: Non toxic and resistant to chemicals
- Flammability: UL-94 V0 rated Flame retardant ABS plastic.
- Recyclability: 100% recyclable and reusable
